

Introduction

IVolLive is a trading analysis system built on IVolatility.com’s extensive options database. The IVolLive platform allows you to analyze options and underlying’s as well as scan the market for valuable trade ideas. Access-wise, there are two types of tools in the IVolLive platform. The first type includes tools which are embedded into a single application, IVolLive, and serves as the core product in the IVolLive platform. The second type consists of our legacy tools, carried over from our existing tool suite¹. These tools have had minor changes done to ensure they are working effectively and efficiently, but broadly, they are similar to the previous tools and are covered by existing guides. This guide will focus on IVolLive as well as getting started on the new IVolLive platform.

Getting Started

Subscribing

You can subscribe to an IVolLive package here, https://www.ivolatility.com/compare_packages.j, or by selecting “Compare packages” from the sidebar:

The screenshot shows the IVolatility website's 'Compare Packages' page. The page is titled "Unlock the power of IVolLive" and displays four subscription packages: IVol Futures (\$29/MO), Basic (\$39/MO), Advanced (\$89/MO), and Pro Realtime (\$195/MO). Each package includes a list of tools and their update frequencies (EOD, delayed, or realtime). A red arrow points to the "COMPARE PACKAGES" button in the left sidebar.

Package	Price	Tools
IVOL FUTURES	\$29 / MO	Futures Analyzer and Tracker (EOD), Futures Options Chain (EOD), Futures Calculator (EOD), Future Volatility Ranker (EOD)
BASIC	\$39 / MO	IVolLive Stock Monitor (delayed), IVolLive Options Chain (delayed), IVolLive IVX Monitor (delayed), IVolLive Probability Calculator (delayed), IVolLive Options Calculator (delayed), Underlying Sentiment Analyzer (EOD), Simple Strategy Scanner/Analyzer (EOD), Historical Data Charts (EOD), Underlying Volatility Ranker (EOD), Backtest Data Download (EOD, include \$5/month credit)
ADVANCED	\$89 / MO	IVolLive Stock Monitor (delayed), IVolLive Options Chain (delayed), IVolLive IVX Monitor (delayed), IVolLive Probability Calculator (delayed), IVolLive Options Calculator (delayed), Options Scanner (EOD), Spread Scanner (EOD/delayed), Pnl Calculator (delayed), IV Graph (delayed), Underlying Sentiment Analyzer (EOD), Simple Strategy Scanner/Analyzer (EOD), Historical Data Charts (EOD), Underlying Volatility Ranker (EOD), Backtest Data Download (EOD, include \$5/month credit)
PRO REALTIME	\$195 / MO	IVolLive Stock Monitor (realtime), IVolLive Options Chain (realtime), IVolLive IVX Monitor (realtime), IVolLive Probability Calculator (realtime), IVolLive Options Calculator (realtime), Options Scanner (EOD/realtime), Spread Scanner (EOD/realtime), Pnl Calculator (delayed), IV Graph (delayed), Correlation Trading (EOD), Underlying Sentiment Analyzer (EOD), Simple Strategy Scanner/Analyzer (EOD), Historical Data Charts (EOD), Underlying Volatility Ranker (EOD), Backtest Data Download (EOD, include \$5/month credit)

Here, you can see the various tools which go into each package. Basic, Advanced, and Pro Realtime are our IVolLive options subscription packages, while IVolFutures is our futures data analysis solution. To read more about each tool, simply click on the name of the tool and a tooltip will pop out with a brief description of the tool. You have the option of testing any IVolLive package for free for two weeks.

¹ We are currently in the process of integrating the second class of tools into IVolLive. As we integrate the tools, we redesign them and add key features to further increase the value they provide for you.

Various tool packages include certain amounts of download data. The data is automatically credited to your account once a month.

Dashboard

Upon signing in, you'll be greeted with the new dashboard:

The dashboard features a navigation bar with 'Ivolatility', 'Historical Options Data', 'News', 'Knowledge Base', 'Contact Us', 'About Us', and 'Advertising'. A search bar and the date 'Mon, Oct 07, 2019 close' are on the right. A left sidebar contains 'IvolLive Trading Intelligence Tools', 'DASHBOARD', 'ACCOUNT DETAILS', 'IVOL FUTURES', 'COMPARE PACKAGES', and 'DATA TOOLS'.

Welcome to IVolLive

S&P 500 Index (SPX) IVX Chart

IVX Monitor service provides current reading of intraday implied volatility for US equity and futures markets.

VIX Futures Premium: 2.91%

The IVX Volatility Monitor gives every user of IVolatility.com current readings of intraday implied volatility on major indices and benchmarks in US equity and futures markets.

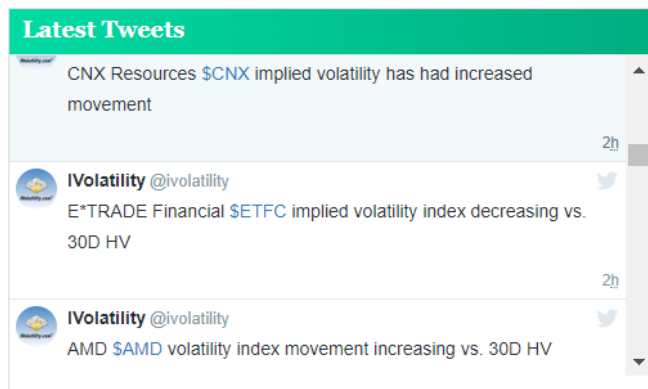

This includes

- Dow Jones, Russell, S&P, NASDAQ market indices,
- XAU, SOX, OSX sector indices,
- exchange traded funds like QQQQ, SPY, XLF,
- top stocks like IBM.

Intraday you can monitor IVX 30 day, its change from the previous close and comparison to 1 Year's High/Low Values. Those hi/low numbers give a good perspective for current implied volatility.

IVX is an expected stock volatility over a future period. It is derived from current option prices and it is available for any optionable security. IVX is VIX® (® is a registered trademark of Chicago Board Options Exchange, Incorporated) -like measure. To read more about IVX and its comparison to VIX® please go to IVX new description. IVolatility.com, a market leader in providing historical and intraday data, analytical services and tools as well as comprehensive risk management for the derivatives marketplace. We introduced the Implied Volatility Index (IVX) almost 20 years ago.

Select any tool from the My Tools block to open that tool in a new tab. Move and organize those tabs to your preferences. All your tools will show up here automatically depending on your subscription.

Account details

To access your account details, change your payment information, and more, select the Account Details page from the left sidebar.

The screenshot shows the IVolatility website's account details page. The top navigation bar includes 'IVolatility', 'Historical Options Data', 'News', 'Knowledge Base', 'Contact Us', 'About Us', and 'Advertising'. The left sidebar contains navigation options: 'IVolLive Trading Intelligence Tools', 'DASHBOARD', 'ACCOUNT DETAILS', 'IVOL FUTURES', 'COMPARE PACKAGES', and 'DATA TOOLS'. The main content area is titled 'Personal Details' and includes tabs for 'Billing Details', 'Billing History', and 'My Tools'. The form contains the following fields: Username (with a blue highlight), First name, Last name, Company (with a dropdown arrow), E-mail, and Phone. A 'Password' section includes fields for Password and Re-enter Password. There is a checked checkbox for 'Subscribe me to newsletters list'. At the bottom of the form are 'Cancel' and 'Save changes' buttons. The footer contains contact information for Support, Sales, and the company's address: IVolatility.com, C/O Derived Data LLC, PMB #610, 2801 Centerville Road, 1st Floor, Wilmington, Delaware 19808.

Select the appropriate tab to change your details: to change personal details select the Personal Details tab, to change your billing details, select the Billing Details tab. To see your billing history, select the relevant tab, and to see your old tool subscriptions, see the My Tools tab.

That's it! Now you're ready to get going with IVolLive.
